

Rules

You arrived on the Treasure Island and ready for the Treasure Hunt!

Each player must find the 5 treasures hidden on the Island. Each one has a different color.

The adventure start from and finish to the ship. Each player start with a stock of 5 coins. The first player came back to the ship with the 5 Treasures will stop the game and win one more coin. Each player make the total of coins.

For 6 coins get 1 more treasure card. The winner is the one with most treasures.

Be careful, the path is dangerous, fraught of obstacles, ennemies and traps!

Fight: Choose a player. Roll the die with him. If you have the biggest score: win the number of coins indicated by the biggest number, if you loose give to him the same number of coins

Coins: Take coins in the "Bank". The number is indicated by the other die

Give money back to the Bank: if you have 3 on your dice, give 3 coins

Add 1 space to the result of your other die

Sorry, you won't play. Pass you turn!

Divide the result of your other die by 2

Secret Passage: If you stop there, you can go directly on the Treasure space of the colour of your passage. If you stop on the red passage, go to the red Treasure space.

To stop on the treasure space and get the treasure, you have to get the correct number with your die. If you have 2 spaces to go to the treasure and get 5 with the die, put your player on the correct space. Example:
